

# Bill and Nancy McClelland

Inducted into the *Hall of Fame* in 2004

Bill and Nancy were first exposed to Washington performing arts through friends who took them to a showchoir competition. After seeing Momentum take home the Grand Championship Prize, they became choir “groupies” and more, regularly helping with concessions and sewing, as well as providing technical assistance. They actively participate in Patrons of the Performing Arts and as Drama representatives, & have expanded their volunteer efforts over the past 6 years to include coordinating the MoShow Video Crew . The McClellands also spend countless hours videotaping all drama productions and vocal events such as the Fab Five concerts, and their professional-quality videos and DVDs are unmatched. They also continue to travel with the show choirs to competitions as chaperones, with many hilarious stories to share!

Bill and Nancy’s children, Justin and Morgan, are Washington graduates who have also been involved in stagecraft and tech crews. When the McClellands aren’t supporting the performing arts at WHS, Bill designs communications for the deaf and hearing impaired and Nancy is a free lance interior design professional. They enjoy hot air ballooning and love to ride their Harley, but their hearts belong to WHS!
