This submission form does not ensure that a candidate will be inducted into the Performing Arts Hall of Fame. The selection committee alone determines the individuals who will be honored. Submissions received by April 15th will be reviewed for induction for the following school year.

The selection committee will contact the nominator of acceptance or non-acceptance into the Hall of Fame. If accepted, the committee will then make the official contact to the nominee announcing the honor of their induction into the Hall of Fame, or this invitation can be deferred to the nominator to do so. The committee will discuss with nominator and/or nominee a convenient time and place for the induction to occur. The time of year and place for the induction typically coincides during any WHS arts concert or production.
